<b>ALBERTA SUSTAINABLE RESOURCE DEVELOPMENT</b>			
<b>Date</b>	<b>Method of Communication</b>	<b>Participants</b>	<b>Discussions/Highlights</b>
July 28/08	In person	Wayne VanDijk -Forestry Officer, Laura Salisbury – Senior Landman & Josh Travis – Project Director; Grizzly Oil Sands, Carolyn Moore-Robin – Community Relations; CMR Consulting Inc., Kim Young – Environmental Scientist; MEMS	Discussed proposed Algar Lake pilot SAGD project and presented draft map of proposed plant area. Wayne advised surface MSL work should be in tandem with EPIA work. Use existing access whenever possible to minimize disturbance. Check with the Water Unit Dept. (Lorne Edinga) at AB Enviro. as to water withdrawal requirements. Also discussed proposed 2008/2009 core hole drilling plans. Wayne advised to get OSE Appls. in ASAP.
25-Mar-09	In Person	Wayne VanDijk -Forestry Officer SRD, Laura Salisbury – Senior Landman; Grizzly Oil Sands, Camille Musters- Corporate Liaison;Grizzly Oil Sands	Introduced Camille Musters to Wayne VanDijk. Informed Wayne that Laura was leaving and confirmed all new contact information for Camille. Confirmed to Wayne that Grizzly's Application was on hold. Grizzly would contact SRD and provide them with updated information once the Application moved forward. Agreed that commencing any consultation it is prudent to consult with local Forestry Officer to confirm the list of First Nations to be consulted with. The reason for this is that the traditional use boundaries are constantly changing and being redefined. Subsequent email was received from Wayne on April 2, 2009 confirming that Fort McMurray First Nation and Chipewyan Prairie Dene First Nation fell within Grizzly's consultation boundaries.
Oct 27/09	Email	Camille Musters-Corporate Liaison; Grizzly Oil Sands, Paul Carpentier- Forestry Officer SRD	Notification to Paul regarding Grizzly moving ahead on it's planning stage for its SAGD Facility. Looking for confirmation from Paul Carpentier as to which First Nations group Grizzly is required to consult with. Paul Carpentier replied back by email on same day confirming that Chipewyan Prairie Dene First Nation and Fort McMurray First Nation were required to be consulted with.
Nov 9/09	In person	John Pearce CEO Grizzly Oil Sands, Paul Carpentier- Forestry Officer SRD	Paul introduced himself as Wayne VanDijk replacement. John spoke briefly about road location regarding Grizzly's upcoming SAGD Facility. Once road plans have been completed Grizzly will forward a copy to Paul for approval.
